

Tilting 4 in 1 Bucket

Quality integrated Tilting 4 in 1 Bucket, provides the operator with full radial control of the cutting angle. Slim line tilt frame design minimizing additional weight & distance from the machine maximizing the full lift capacity of the machine.

Features:

- Fully inclosed, integrated valve blocks, with built in locking valve.
- Hydraulic ram geometry creates exceptional tilting forces.
- Hardened wear plate to increase wear life of moving parts of the tilt mechanism.
- Full range available from 1550mm up to 2130mm.

Optional:

- Tilt control 'Plug and Play' electrical wiring kit available.

Ideal Use:

Grading, scraping, grappling, dozing dirt or material spreading most construction work.

Machine Suitability:

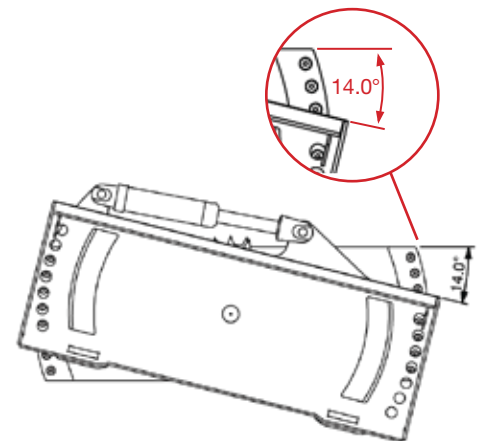

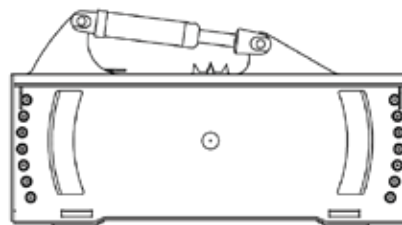

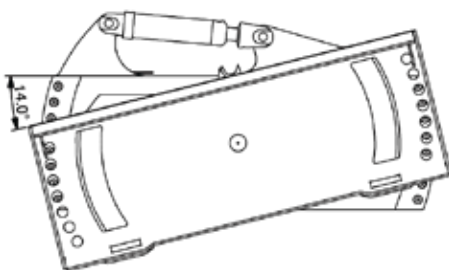

Available for most machine types (Multi Fit STD).

4 in 1 Bucket also available

Mini 4 in 1 Bucket also available
